ECC005 Annex 6 LD Matrix

Table of contents

Operator 1: Public Land (Reserve Forest) Operators (5 Principles, 11 Criteria, 18 Indicators, 21 Verifiers)	1
Operator 2: Public Land (Other than Reserve Forest and Protected Forest) Operators (5 Principles, 10 Criteria, 15 Indicators, 18 Verifiers)	18
Operator 3: Private Land Operators (5 Principles, 10 Criteria, 13 Indicators, 15 Verifiers)	32
Operator 4: Imported Timber Operators (2 Principles, 2 Criteria, 2 Indicators, 2 Verifiers)	42
Operator 5: Processing and Production Operators (5 Principles, 11 Criteria, 17 Indicators, 19 Verifiers)	44
Operator 6: Transportation Operators (3 Principles, 4 Criteria, 5 Indicators, 6 Verifiers)	58
Operator 7: Export and Trade Operators (3 Principles, 5 Criteria, 7 Indicators, 8 Verifiers)	64

Operator 1: Public Land (Reserve Forest) Operators (5 Principles, 11 Criteria, 18 Indicators, 21 Verifiers)

PRINCIPAL	CRITERIA	Indicator	Verifier	Legal reference	Description of Verification Processes, frequency and responsibilities
(1) P1 Operator Legality (including Land)	C1.1: Operator's right to access land	I1.1.1: A person sourcing timber from Reserve Forest holds an RFD permit.	V1.1.1.1: - The forest or tree plantation written permit on Reserve Forest land (P.S.32) or use of Reserve Forest for livelihood purposes (Sor Tor Kor) - Utilizing or living written permit on Reserve Forest land (P.S.23) - The written permit for utilizing and living in deteriorate forest (Sor Tor Kor 1 A, Sor Tor Kor 2 B) The written permit to do forest or tree plantation on Reserve Forest land (Sor Thor Kor 1 B) from RFD DG or the Council of Ministers.	National Reserved Forest Act, 1964 Section 16, 16bis, 16 tres, 20	V1.1.1.1 Verifier Issued by: Utilization or Use of Land for Livelihood Purposes issued by the DG of RFD. Verification Process Conducted by: Competence Officer (including Provincial Natural Resources and Environment Officer; Local Forest Resource Management Officer; RFD Officer). Verification Frequency: At least once a year
		<p>Description of Verification Process: The existence of a valid land use permit (held by the operator) is verified by a Competence Officer.</p> <p>Verification means:</p> <ol style="list-style-type: none"> 1. Documentary review. 2. Compliance with permission condition monitoring 			

PRINCIPAL	CRITERIA	Indicator	Verifier	Legal reference	Description of Verification Processes, frequency and responsibilities
(1) P2 Sourcing and transportation of Timber	C2.2 Traceability (plantation)	I2.2.1: An operator has complied with Forest Plantation Act procedures for harvesting timber on plantations.	V2.2.1.1: Acknowledged Certificate from the Registrar of Plantations.	Forest Plantation Act, 1992 and amended Section 11, 12	<p>V2.2.1.1 Verifier Issued by: Registrar of Plantations.</p> <p>Verification Process Conducted by: Competence Officer</p> <p>Verification Frequency: Ad hoc</p>
	<p>Description of Verification Process: When the Licensed Entrepreneur wishes to harvest, the Licensed Entrepreneur submits a Notification to Harvest to Competence Officer. The Registrar of Plantations issues an Acknowledged Certificate and Licensed Entrepreneur must keep in order to show a Competence Officer in the event of an (ad hoc) investigation.</p> <p>Verification means:</p> <ol style="list-style-type: none"> 1. Documentary review. 				
	C2.3 Traceability (non-plantation)	I2.3.1: An operator has complied with RFD procedures for asking logging permit.	V2.3.1.1: Harvesting Permit. - Teak logging in forest written permit (permit 1) - Restricted Timber except Teak in forest written permit (permit 2) - Logging written permit in reserved forest (P.S.2)	Forest Act, 1941 Section 11 National Reserved Forest Act, 1964 Section 15	<p>V2.3.1.1 Verifier Issued by: Provincial Governor</p> <p>Verification Process Conducted by: Competence Officer (including Provincial Natural Resources and Environment Officer; Local Forest Resource Management Officer; RFD Officer).</p>

PRINCIPAL	CRITERIA	Indicator	Verifier	Legal reference	Description of Verification Processes, frequency and responsibilities
					<p>Verification Frequency: per harvest.</p> <p>Description of Verification Process: When the operator wishes to harvest timber, the operator applies for a Logging Permit from the RFD. Upon receipt of a Logging Permit, the operator may harvest the tree(s). Following the harvest and before the timber is removed from the place of harvest, The operator must inform the Competence Officer to verify the Logging Permit and the timber.</p> <p>Verification means:</p> <ol style="list-style-type: none"> 1. Documentary review. 2. Inspection of species, size, and quantity of timber
(1) P3 Operator's Forest Management, Environment and Harvesting Obligations and Practices	C3.1: Right to Harvest (plantation)	I3.1.1: A person harvesting timber on a registered plantation holds a Registrar's Acknowledged Certificate.	See V2.2.1.1 under C2.2 Traceability (plantation) above	See V2.2.1.1 under C2.2 Traceability (plantation) above	See V2.2.1.1 under C2.2 Traceability (plantation) above
	Description of Verification Process: See V2.2.1.1 under C2.2 Traceability (plantation) above				
	C3.2 Right to Harvest Unrestricted Species (non-plantation)	I3.2.1: A person harvesting an unrestricted species holds an RFD Logging permit.	V3.2.1.1: An RFD Logging Permit.	National Reserved Forest Act, 1964 Section 15	<p>V3.2.1.1 Verifier Issued by: Provincial Governor</p> <p>Verification Process Conducted by: Competence Officer (including Provincial Natural Resources and Environment Officer; Local Forest Resource Management Officer;</p>

PRINCIPAL	CRITERIA	Indicator	Verifier	Legal reference	Description of Verification Processes, frequency and responsibilities
					RFD Officer). Verification Frequency: per harvest.
		<p>Description of Verification Process: When the operator wishes to harvest timber of an unrestricted species, the operator applies for a Logging Permit from the RFD, upon receipt of which, the operator may harvests the tree(s). Following the harvest and before the timber is removed from the place of harvest, the operator must inform the Competence Officer to verify the Logging Permit.</p> <p>Verification means:</p> <ol style="list-style-type: none"> 1. Documentary review. 2. Inspection of harvest area. 3. Inspection of species, size, and quantity of timber 			
	C3.3: Right to Harvest Restricted Species (non-plantation)	I3.3.1: A person harvesting a restricted timber type A holds an RFD permit or a restricted timber type B holds a Ministerial Authorization.	V3.3.1.1: For Category A species, an RFD Harvesting Permit. V3.3.1.2: For Category B species, a Ministerial Authorization.	Forest Act, 1941 Section 6,7,11 National Reserved Forest Act, 1964 Section 15	V3.3.1.1 Verifier Issued by: Provincial Governor Verification Process Conducted by: Competence Officer (including Provincial Natural Resources and Environment Officer; Local Forest Resource Management Officer; RFD Officer). Verification Frequency: per harvest

PRINCIPAL	CRITERIA	Indicator	Verifier	Legal reference	Description of Verification Processes, frequency and responsibilities
					<p>V3.3.1.2 Verifier Issued by: Minister of Natural Resources and Environment</p> <p>Verification Process Conducted by: Competence Officer (including Provincial Natural Resources and Environment Officer; Local Forest Resource Management Officer; RFD Officer).</p> <p>Verification Frequency: per harvest.</p> <p>Description of Verification Process: When the operator wishes to harvest timber of a restricted species, the operator applies for a Harvesting Permit from the RFD (for Category A species) or a Ministerial Authorization (for Category B species), upon receipt of which, the operator may harvests the tree(s). Following the harvest and before the timber is removed from the place of harvest, the operator must inform the Competence Officer to verify the Logging Permit or Ministerial Authorization (as appropriate).</p> <p>Verification means:</p> <ol style="list-style-type: none"> 1. Documentary review. 2. Inspection of harvest area. 3. Inspection of species, size, and quantity of timber

PRINCIPAL	CRITERIA	Indicator	Verifier	Legal reference	Description of Verification Processes, frequency and responsibilities
	C3.4 Chainsaw regulation	<p>I3.4.1:</p> <ol style="list-style-type: none"> 1. A person possessing a chainsaw from 1 horsepower with a bar length 12 inches or over 2. A person possessing a chainsaw from 1 horsepower 3. A person possessing 12 inches or over has complied with RFD chainsaw licensing requirements. 	<p>V3.4.1.1:</p> <ol style="list-style-type: none"> 1. Chainsaw possessing permit (Lor Zor 3) 2. Chainsaw importing for trade permit (Lor Zor 7) combined with accounts and records that show units manufactured under attached record Lor Zor 7/1, record Lor Zor 7/1 A, record Lor Zor 7/2 and record Lor Zor 7/2 C) 	<p>Chainsaw Act, 2002 Section 4, Ministerial regulation on characteristic of chainsaw and chainsaw composition, 2012 Clause 2</p> <p>Ministerial regulation on principle, method, and condition; possessing, producing, or importing chainsaw permission and licence, and adjusting chainsaw to increase its power including the qualification and disqualification of applicant, 2008, article 1,2,5</p>	<p>V3.4.1.1 Verifier Issued by: Chainsaw Registrar (DG of RFD or a person assigned by DG in Bangkok and Provincial Governor or a person assigned by Provincial Governor in other provinces.</p> <p>Verification Process Conducted by: Competence Officer under Electrical Saw Act, 2002 (RFD, DNP, DMCR, Ministry of Interior, Ministry of Defence, Royal Thai Police, Bangkok Metropolitan Administration, etc).</p> <p>Verification Frequency: Any person who owns a chain saw must have a license or copy of the license for that chain saw to show to officials immediately when requested.</p>
<p>Description of Verification Process: An operator intending on</p> <ol style="list-style-type: none"> 1. possessing a chainsaw from 1 horsepower with a bar length 12 inches or over 2. possessing a chainsaw from 1 horsepower or 3. possessing a bar length from 12 inches must apply to the Chainsaw Registrar and be issued with a Letter of Permission prior to purchasing the chainsaw. After purchasing the chainsaw, the operator must take the chainsaw to the Chainsaw Registrar, who will inscribe a serial number on the chainsaw, and issue a permit to the operator which specifies the geographical area in 					

PRINCIPAL	CRITERIA	Indicator	Verifier	Legal reference	Description of Verification Processes, frequency and responsibilities
		<p>which the chainsaw may be used. Any person who owns a chain saw must have a license or copy of the license for that chain saw to show to officials immediately when requested.</p> <p>Verification means:</p> <ol style="list-style-type: none"> 1. Chainsaw inspection. 2. Documentary review. 			
	<p>C3.5 Ecosystem Management (including soil, watershed area etc.) for plantations</p>	I3.5.1: An operator complies with RFD plantation reporting requirements.	V3.5.1.1: Forest or Tree Plantation Performance Annual Report year/issued by/Province (PS.32)	<p>Rule of RFD on permission for plantation in Reserve Forest, 2005</p> <p>Clause 15</p>	<p>V3.5.1.1</p> <p>Verifier Issued by: Operator</p> <p>Verification Process Conducted by: Competence Officer (including Provincial Natural Resources and Environment Officer; Local Forest Resource Management Officer; RFD Officer).</p> <p>Verification Frequency: Annually.</p>
		<p>Description of Verification Process: Every year the Licensed Entrepreneur is obliged to prepare: Forest or Tree Plantation Performance Annual Report and submit this to the RFD. A Competence Officer is required to review the Licensed Entrepreneur's Annual Performance Report and verify that the report meets the requirements. Upon verifying that the Annual Performance Report meets the requirements standards, the Competence Officer signs the report.</p> <p>Verification means:</p> <ol style="list-style-type: none"> 1. Documentary review. 			

PRINCIPAL	CRITERIA	Indicator	Verifier	Legal reference	Description of Verification Processes, frequency and responsibilities
		<p>I3.5.2: A plantation established on Reserve Forest land after 2005 has been planted on land determined by the RFD to be Degraded Land in accordance with the requirements of the rule of RFD.</p>	<p>V3.5.2.1: The audit report of forest condition in which the operator hold a permit to do forest or tree plantation in reserved forest section 70 of National Reserved Forest Act, 1964 (P.S.30) article 7</p>	<p>Rule of RFD on permission for plantation in Reserve Forest, 2005 Clause 8, 9</p> <p>Resolution of the Cabinet on June 2, 1987 on the criteria and conditions defined forest degradation. And Resolution of the Cabinet on May 9, 1989 on Reviewing the Resolution of the Cabinet on June 2, 2530 on the criteria and conditions defined forest degradation.</p>	<p>V3.5.2.1 Verifier Issued by: Minister of Natural Resources and Environment</p> <p>Verification Process Conducted by: Competence Officer (including Provincial Natural Resources and Environment Officer; Local Forest Resource Management Officer; RFD Office)</p> <p>Verification Frequency: per term of request</p>
<p>Description of Verification Process: As part of the RFD’s policy and annual planning activities, areas of Degraded Land are identified and declared by Ministerial Announcement. An operator may then apply for a permit to establish a forest or tree plantation on an area of declared Degraded Land. Upon receiving an application from an operator, a Competence Officer will inspect the area to verify that the status of the land is Degraded as per the Ministerial Announcement. Upon the status of the land being verified as Degraded by the Competence Officer, the Competence Officer will prepare and submit a report (including geographic, environmental and social details of the area under application), to the Provincial Governor recommending that a permit be granted.</p> <p>Verification means:</p> <ol style="list-style-type: none"> 1. Documentary review. 2. Field inspection. 					

PRINCIPAL	CRITERIA	Indicator	Verifier	Legal reference	Description of Verification Processes, frequency and responsibilities
		I3.5.3: As well as the requirements specified under I3.5.2 above, the application for a plantation more than 100 Rai established on Reserve Forest land after 2005 will have included additional requirements outlined in the Rule of RFD.	V3.5.3.1: To submit an application to the forest or tree plantation on reserved forest section 20 of the National Reserved Forest Act, 1964 must attach the details on start time, the objectives, and investment costs for reference.	Rule of RFD on permission for plantation in Reserve Forest, 2005 Clause 6	<p>V3.5.3.1 Verifier Issued by: Operator</p> <p>Verification Process Conducted by: Competence Officer (including Provincial Natural Resources and Environment Officer; Local Forest Resource Management Officer; RFD Office)</p> <p>Verification Frequency: per application</p>
		<p>Description of Verification Process: In addition to the process outlined under I3.5.2 above, an operator applying for a permit over an area of Degraded Land of 101 Rai (about 16 hectares) or more, is required to submit project documents including details of start time, objective, goal and costs. The preparation and submission of these project documents to a suitable standard is verified by a Competence Officer.</p> <p>Verification means:</p> <ol style="list-style-type: none"> 1. Documentary review. 			

PRINCIPAL	CRITERIA	Indicator	Verifier	Legal reference	Description of Verification Processes, frequency and responsibilities	
(1) P4 Operator's workplace and Social Obligations (including Worker's Rights, Health, Safety & Welfare)	C4.1 Worker's rights	I4.1.1: (For FIO plantations only) An agreement between employer and employees on employment conditions will be in force in accordance with the State Enterprise Labour Relations Act, and observe minimum conditions.	V4.1.1.1: Agreement	State Enterprise Labour Relations Act, 2000 Section 25 Announcement of State Enterprise Labour Relations on Commission's minimum standards of employment conditions in state enterprises.	V4.1.1.1 Verifier Issued by: Operator and Employees Verification Process Conducted by: State Labour Relations Committee Verification Frequency: Maximum three-yearly (with 12 months grace period in case employees and operator cannot agree on terms of employment).	
		<p>Description of Verification Process: A state enterprise operator and employees of a state enterprise are required by the State Enterprise Labour Relations Act to agree on employment conditions (meeting minimum standards) at intervals of no more than three years (additional to which is a 12-months grace period in case employees and operator cannot agree on terms of employment). Once the state enterprise operator and the state enterprise employees have agreed on the conditions of employment, the State Labour Relations Committee verifies that the agreement meets the minimum standards specified in the Announcement of State Enterprise Labour Relations on Commission's minimum standards of employment conditions in state enterprises</p> <p>Verification means:</p> <ol style="list-style-type: none"> 1. Documentary review. 				
		I4.1.2: (For non-FIO enterprises) An operator employing 10 or more employees will comply	V4.1.2.1: Working conditions and workplace annual report.	Ministerial Regulation on Labour Protection in Agriculture work, 2014 Clause 4	V4.1.2.1 Verifier Issued by: Operator Verification Process Conducted by: Department of Labour	

PRINCIPAL	CRITERIA	Indicator	Verifier	Legal reference	Description of Verification Processes, frequency and responsibilities
		with the requirements of the Labour Protection Act.		Labour Protection Act, 1998 Section 112,113,114,115	Protection and Welfare Verification Frequency: Annually
		<p>Description of Verification Process: An operator employing 10 or more employees prepares a Working Conditions and Workplace Annual report and submits this electronically via the Department of Labour Protection and Welfare website. A Department of Labour Protection and Welfare Officer verifies that the report has been submitted.</p> <p>Verification means:</p> <ol style="list-style-type: none"> 1. Documentary review. 			
		I4.1.3: (For non-FIO enterprises) A complaint against an operator (concerning an employee's claim to a sum of money) recorded by the Ministry of Labour will have been processed in accordance with the procedures outlined in the Labour Protection Act.	V4.1.3.1: Order issued by Inspector of Labour.	Ministerial Regulation on Labour Protection in Agriculture work, 2014 Clause 4 Labour Protection Act, 1998 Section 123,124	V4.1.3.1 Verifier Issued by: Inspector of Labour Verification Process Conducted by: Inspector of Labour Verification Frequency: per complaint
		<p>Description of Verification Process: An employee making a complaint against an operator (concerning an employee's claim to a sum of money) submits the complaint to the Inspector of Labour. An Inspector of Labour Officer considers the complaint and may contact the employee and/or the operator requesting further information. The Inspector of Labour is required to issue an Order on the matter within 60 days (able to be extended until not more than 90 days) of receiving the complaint. (Note: The TLAS may need to verify that Inspector of Labour Orders have been issued within the set time-limits.)</p>			

PRINCIPAL	CRITERIA	Indicator	Verifier	Legal reference	Description of Verification Processes, frequency and responsibilities
		Verification means: <ol style="list-style-type: none"> 1. Documentary review. 2. Additional information as required. 			
		I4.1.4: A case lodged with the Labour Court concerning workplace conditions will have been processed in accordance with procedures outlined in the Labour Courts Act.	V4.1.4.1: Labour Court Decision.	The Establishment of Labour Court and Procedure Act, 1979 Section 8, 53	V4.1.4.1 Verifier Issued by: Labour Court Verification Process Conducted by: Labour Court Verification Frequency: per case
		<p>Description of Verification Process: A case lodged with the Labour Court concerning workplace conditions follows a prescribed course potentially leading to a trial, including procedures for promoting reconciliation at an early stage where possible and procedures for investigating a case before making a decision about whether the case will go to court. Various Sections of the Establishment of Labour Court and Procedure Act, 1979 (including Section 37 and Section 39) refer to the importance of cases being processed promptly, however few specific time-frames are stated. Nonetheless, the Labour Court provisions are a key component of the Thai legal framework regulating worker's rights.</p> <p>(Note: The TLAS may need to verify that Labour Court Decisions have been delivered within reasonable time-frames.)</p> <p>Verification means:</p> <ol style="list-style-type: none"> 1. Documentary review. 2. Additional information as required. 			
C4.2 Child labour	I4.2.1: The operator employs no children under the age of 15 years.	V4.2.1.1: Report of the Inspector of Labour	Labour Protection Act, 1998 Section 44, 112	V4.2.1.1 Verifier Issued by: Inspector of Labour	

PRINCIPAL	CRITERIA	Indicator	Verifier	Legal reference	Description of Verification Processes, frequency and responsibilities
					<p>Verification Process Conducted by: Inspector of Labour</p> <p>Verification Frequency: Ad hoc (as determined by Department of Labour Protection and Welfare inspection schedule) or as per complaint.</p>
		<p>Description of Verification Process: The Inspector of Labour inspects a number of business every year, with the selection of target business based on size of the business, the type of business, and estimated risk of irregularities occurring. Additionally, the Inspector of Labour inspects businesses based on complaints received. Upon investigating a business, the Inspector of Labour prepares a report assessing and potentially verifying compliance with the provisions of the Labour Protection Act.</p> <p>Verification means:</p> <ol style="list-style-type: none"> 1. Inspection on site. 2. Documentary review. 			
		<p>I4.2.2: An operator employing children between the ages of 15 and 18 will have complied with Chapter 4 of the Labour Protection Act concerning the employment of children under the age of 18.</p>	<p>V4.2.2.1: Letter of Acknowledgement from the Department of Labour Protection and Welfare.</p>	<p>Labour Protection Act, 1998 Section 45</p>	<p>V4.2.2.1 Verifier Issued by: Department of Labour Protection and Welfare</p> <p>Verification Process Conducted by: Inspector of Labour</p> <p>Verification Frequency: Ad hoc (as determined by Department of Labour Protection and Welfare</p>

PRINCIPAL	CRITERIA	Indicator	Verifier	Legal reference	Description of Verification Processes, frequency and responsibilities
					inspection schedule) or as per complaint.
		<p>Description of Verification Process: An operator employing children between the ages of 15 and 18 must notify the Department of Labour Protection and Welfare within 15 days after employment. In response to this notification by the operator, the Department of Labour Protection and Welfare must issues a Letter of Acknowledgement, which the operator must keep on-site.</p> <p>The Inspector of Labour inspects a number of business every year, with the selection of target business based on size of the business, the type of business, and estimated risk of irregularities occurring. Additionally, the Inspector of Labour inspects businesses based on complaints received. Upon investigating a business, the Inspector of Labour prepares a report assessing and potentially verifying compliance with the provisions of the Labour Protection Act.</p> <p>Verification means:</p> <ol style="list-style-type: none"> 1. Inspection on site. 2. Documentary review. 			
(1) P5 Operator's Tax, Fee & Other Payment Obligations	C5.2 Operator's obligations: Forest sector royalties and other payments. (non-plantation)	I5.2.1 An operator has paid royalties and forest maintenance fee on harvested trees in accordance with RFD procedures.	V5.2.1.1: The receipt of royalties and forest maintenance fee V5.2.1.2: The stamped royalty collection records.	Forest Act, 1941 Section 14,15 Rule of Royal Forest Department laying down for checking, sealing, collection the royalty of timber, firewood or charcoal, 1967 Clause 14 National Reserved Forest Act, 1964 Section 5	V5.2.1.1 Verifier Issued by: The receipt of royalties issued by Provincial Natural Resources and Environment Officer and forest maintenance fee issued by Local Forest Resource Management Officer; RFD Office Verification Process Conducted by: Competence Officer (including Provincial Natural Resources and Environment Officer; Local Forest

PRINCIPAL	CRITERIA	Indicator	Verifier	Legal reference	Description of Verification Processes, frequency and responsibilities
				<p>Ministerial Regulations no.1221 (1988) issued under National Reserved Forest Act, 1964</p>	<p>Resource Management Officer; RFD Office)</p> <p>Verification Frequency: per harvest</p> <p>V5.2.1.2 Verifier Issued by: Competence Officer (including Provincial Natural Resources and Environment Officer; Local Forest Resource Management Officer; RFD Office)</p> <p>Verification Process Conducted by: Competence Officer (including Provincial Natural Resources and Environment Officer; Local Forest Resource Management Officer; RFD Office)</p> <p>Verification Frequency: per harvest</p>
<p>Description of Verification Process: For Restricted Species, the law specifies harvest royalties payable per volume of timber, as required by law.</p> <p>For Unrestricted Species, the prescribed rate must be paid <i>before</i> harvest.</p>					

PRINCIPAL	CRITERIA	Indicator	Verifier	Legal reference	Description of Verification Processes, frequency and responsibilities
		<p>In all cases, a Competence Officer issues a receipt for harvest royalties and forest maintenance fee received.</p> <p>Verification means:</p> <ol style="list-style-type: none"> 1. Documentary review.

	Description of Verification Process: When the operator wishes to harvest timber of an unrestricted species, the operator applies for a Logging Permit from the RFD, upon receipt of which, the operator may harvests the tree(s). Following the harvest and before the timber is removed from the place of harvest, the operator must inform the Competence Officer to verify the Logging Permit.				

¹ The absence of regulation for some species cultivated on private land is a traceability gap that prevents verification of legality. One option/observation was identified in relation to this Gap/Issues topic (see Table 1.4 below), notably that the introduction of a national verification system applying to all species would address this issue. This means removing the Forest Plantation Act Annex to facilitate verification of *all plantation species*.
